NO. 65.

Sherman Lawhorn for Superintendent of Casey's Schools.

There is considerable "doing" politically, to use a slang phrase, down in the "State of Casey" and there promises to be more mixed ballots at the coming November election than in any previous contest for years. The race for county superintendent of schools is waxing warm, and to an unprejudiced onlooker the race seems to be a close one, though there are always surprises in store as an aftermath to a political campaign. Editor J. Henry Thomas, of the Casey County News, the republican nominee, is opposed by Prof. J. Sherman Lawhorn, Principal of Middleburg Normal College. The Professor is a young man, but ripe in educational experience and attainments, and is fully competent and worthy of the exalted position to which he aspires. Born and reared in Casey county he is strictly "at home" and one of the boys. He was educated in the country schools and at Janie Wash Institute, Middleburg, and later spent four years in State College, Lexington, where he graduated with honors.

He has taught in the county schools of Casey for a dozen or more years, and for a number of years was connected in an official capacity with the city schools of Paris, resigning that position to assume control of Middleburg Normal College at Middleburg, his native county. That he has succeeded in his work at Middleburg, is best attested by the hundreds of teachers and students that have pursued instructions under his teachings. Mr. Lawhorn is the most competent man in Casey county for the important office of superintendent of schools, and scores of voters who would otherwise vote for his opponent will mark their ballot for Lawhorn, believing that in so doing they are assisting in the election of a man best fitted for a position which is second to none in importance in the county. Many of his most ardent supporters disagree with him politically, but they recognize the fact that this is not so much a matter of politics, but a matter of superior worth to the schools, the children and to posterity.

Life is Embittered.

Life is too often embittered by the grievous pains and suffering caused by dyspepsia, in one or other of its many forms. No other disease covers such a wide range of symptoms, or causes such varied suffering, to its victims. Stomach-ache, headache, dizziness, nausea, biliousness, constipation, fever, etc.,—all are due to this one dreadful disease. No wonder that thousands are so enthusiastic over the cure of their disease by Dr. Caldwell's (laxative) Syrup Pepsin. It is a most marvelous, potent and universal cure. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

The Laurel county grand jury has returned about 100 indictments, among them being one against James G. Yayden, the Republican nominee for Representative from Laurel and Rockcastle counties, who stands charged with having converted the funds of the I. O. O. F. Lodge of that place to his own use.

How to Cure Corns and Bunions.

First soak the corn or bunion in warm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by all druggists.

"Blusher is the most bashful man I ever knew."

"How on earth, then, did he come to get married?"

"He was too bashful to refuse."—Chicago Journal.

Insomnia and Indigestion Cured.

"Last year I had a very severe attack of indigestion. I could not sleep at night and suffered most excruciating pains for three hours after each meal. I was troubled this way for about three months when I used Chamberlain's Stomach and Liver Tablets, and received immediate relief," says John Dixon, Tillamore, Ontario, Canada. For sale by all druggists.

Two children of Jason Comett, a veterinarian, of Hazard, Perry county, swallowed a quantity of corrosive sublimate, believing it to be sugar, and died.

The Lewis and Clark Exposition closed Sunday. The attendance for the last day was 56,960, making a grand total of 2,545,509.

J. J. Epperson, a prominent farmer of the Gravel Switch section, died suddenly, aged 82.

MISS MARY ELIZABETH FURR.

Infant daughter of Mr. and Mrs. W. H. Furr, of Flat Woods, Garrard county. Miss Furr is the youngest daughter of the Confederacy, her father being a gallant "ex-Confed."

KINGSVILLE.

J. E. Creighton returned to Richmond to resume his duties as operator on the C. & O.

The county meeting of the Christian church is to be held here next Saturday. Everyone is invited and an enjoyable occasion is anticipated.

Hons. R. C. Warren W. S. Burch and T. J. Hill, for whom he was anxious to cast his last vote, came over to attend the funeral of Mr. D. M. Creighton. The two former gentlemen, together with Mr. S. M. Owens, of McKinney, not knowing of the postponement, came on Tuesday. Mr. Burch, of Stanford, accompanied Rev. L. M. Omer, who delivered a most beautiful funeral discourse at the Christian church. "He is not dead but sleepeth," was the beautiful Scriptural quotation that gave consolation to our aching hearts. For two months my father had been confined to his bed and during that time was never entirely free from pain—sometimes suffering intensely. Yet he was very patient, often exciting the laughter of those near him by some jest. His fund of humor seemed inexhaustible and could hardly realize his true condition. He said he was ready to die and predicted his death would occur within three days, which prediction proved to be true, as he died at 8:20 Sunday evening, the third day after his sad prediction. Many beautiful flowers were given by dear friends, one handsome floral design being sent from Maysville, his former home.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

After ploughing through the streets for a long number of years with bare feet, in accordance with what he believed to be a divine injunction, Rev. Clayborne Martin, the colored healer of no little fame, will don shoes this winter, for the first time since he was 17 years old. It just takes a number 13 1/2 to encase this weather-beaten foot of "the man of power". The reason of his decision to wear shoes is to gratify his brother, who has come to town, and who has promised to equip him with a handsome suit of broadcloth if he will take the shoes and wear them.—Danville News.

Family Skeleton.

Many a person's family skeleton is a state of weak digestive organs inherited from careless ancestors. The skeleton can be laid to rest by Dr. Caldwell's (laxative) Syrup Pepsin. Better do so at once, otherwise it will dog you daily, and keep you in constant misery, and in danger from worse complications. Syrup Pepsin is a specific for indigestion, constipation, headache and biliousness. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1.00. Money back if it fails.

Gov. Beckham has addressed a letter to Thomas W. Lawson in which he expresses the belief that his declared purpose to protect policyholders against the officials of the life insurance companies is sincere, and declares it to be praiseworthy, but declines to act on the committee suggested, thinking that precipitate action while present investigation is on may impair rather than increase the advantage to be gained by policyholders.

Amid the frenzied plaudits of more than 24,000 baseball enthusiasts, the New York National League champions won the world's professional baseball championship on the Polo grounds Saturday by defeating the Philadelphia American League team in the fifth game of the post-season series by the score of 2 to 0.

AN AGED PHYSICIAN

After Years of Experience Gives the Following Advice.

"If you have anything to do with medicines at all be pretty sure you know what you are taking."

Penny's Drug Store says this is a strong point in favor of their valuable cod liver preparation, Vinol. Everything it contains is plainly printed on the bottle, therefore it is not a patent medicine.

Vinol contains in a highly concentrated form all of the medicinal elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease to nauseate and upset the stomach.

This is the reason that Vinol accomplishes such wonderful results in curing chronic coughs, colds, bronchial and lung troubles, and there is nothing known to medicine that will so quickly build up the run-down, overworked, tired and debilitated, or give strength and renewed vitality to the aged, as Vinol.

Mrs. Martha Fraser, of Portland, Me., writes: "I was all run down from overwork and had a chronic cough for years. I had tried so many medicines without help that I had lost all faith in medicine. My daughter bought me a bottle of Vinol. It simply worked wonders for me; it cured my cough and brought back health and strength and I am better than I have been for years."

We can only ask every one in Stanford who needs such a medicine to try Vinol on our guarantee to return their money if it fails." Penny's Drug Store.

Pinkerton, in Lexington on Wednesday. Their host of friends in the West End send congratulations and best wishes for their future happiness.

There seems to be a tendency on the part of some miscreants to break into the penitentiary by raising the flags on mail boxes along the rural routes. The penalty for this offense is a fine of not less than \$100 and imprisonment from one to five years, and the parties continuing it should and will wear stripes before they are much older.

J. D. Williams, of Casey, who has been in the Philippines since the Spanish-American war, returned home last week, surprising his many friends and relatives. His sister, Mrs. Wheat, of Mt.
